

Docket 05-15-1

Dear Friend June 21 - 05  
we Amish already have a struggle; we do  
not collect government price supports; we  
support our own schools, plus pay the public  
school tax, and feel the monetary animal  
ID program will add more problems  
we could do without it for 500 years.  
Do not infringe on our religious freedom  
and operations,

Thanks
